

Our Company

Crawford Filtration Inc. is a woman owned business located in Dutchess County New York about 60 miles north of New York City. Since 1978 we have been supplying HVAC filters and filtration products to the New York, New Jersey and Connecticut area.

Professional Affiliation. We are a member of the National Air Filter Association (NAFA) and have a Certified Air Filtration Specialist (CAFS) on staff to assist you with your filtration needs and questions.

Customer satisfaction and service are always foremost in our minds. We distinguish ourselves through personal attention to every order taken, every question answered and every on-time delivery made via Company Truck.

Our goal is to provide value through fast courteous service and quality products at competitive prices.
